

Your Eye Color Meaning

“They say that the eyes are the windows to a person’s soul. Take a look into a person’s eyes and you can gaze deep into their feelings emotions and mood. The eyes of a person can be warm and bright or cold and stray and we can know it all by just looking at them.”

**Brown:** Brown eyes are the most common eye color in the world. People with brown eyes are confident and attractive. Brown eyed people are caring and love to make new friends. They are also up to trying new things in life. Although they are very confident, they sometimes have a hard time expressing themselves, but seem to find help through their friends and family.

**Hazel:** People with hazel eyes are very elegant, fun loving, spontaneous, and are always looking for adventure at any moment. They can adapt and can easily get into the motion of things. Hazel eyed people are brave and courageous and love to try new things. But, they sometimes have problems in relationships.

**Grey:** Grey-eyed people are not very common in the world of eyes. People with grey eyes are born to be dominate and leaders. They are strong in nature, wise, gentle, and are the least aggressive out of any of the eye colors. They have a passion for anything they do and are very creative, imaginative, and are always fun to be around.

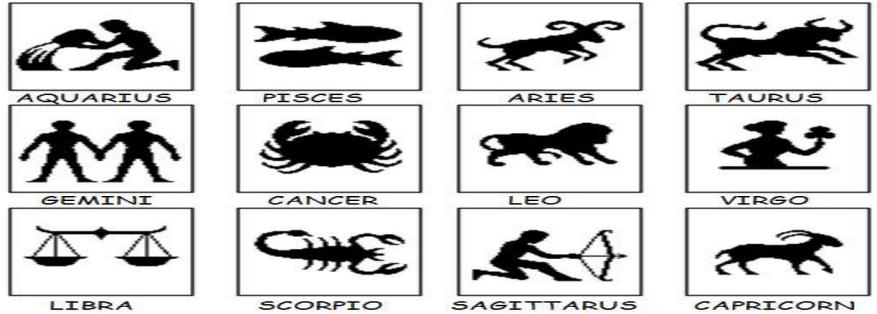

**Green:** Green-eyed people are fresh. They are full of mystery. When you look into someone’s green eyes, you are instantly lost within them in seconds. They are very intelligent and are very curious, making them the first to try new things. They believe they should live their lives to the fullest and always are seeking thrill and adventure. They are very passionate about things and people often find them attractive. One negative is that people with green eyes can get jealous very easily. But they are filled with youthfulness.

**Blue:** People with blue eyes are very lively. No wonder people are instantly attracted to them! Blue eyes are the most desired color of eyes in the world. People with blue eyes are peaceful, smart, and full of life. They are also very energetic and love to make other people happy. Blue eyed people are very observant and don’t like when things go wrong. They love to have everything perfect and joyful. It’s no wonder we love blue-eyed people so much!

**Aries Mar 21 - Apr 19:** Aries are always creative, adaptive, insightful, strong willed, spontaneous, and a little demanding. They are kind of an overachiever, but have a great sense of humor and are loyal until the end.

**Taurus Apr 20 - May 20:** Although sometimes they can be a little stubborn, they are still loving, sympathetic, and appreciative. Taurus are also very understanding, patient, and practical, and give great advice.

**Gemini May 21-June 20:** People of the Gemini sign are often flexible, balanced, and adaptable. But, sometimes they are unpredictable and their mood changes in an instant. They are often inspiring to others and very supportive, affectionate, and imaginative.

**Cancer June 21 - July 22:** Cancer is the traditionalist of the signs. They love history and enjoy to learn how things begin and end. Although they can get a bit moody, they are loyal and sympathetic people. But sometimes, they like to be alone in quiet surroundings.

**Leo July 23 - Aug 22:** People of the Leo sign are natural born leaders. They often are not afraid to state their opinion and speak their mind, and are usually right. Leo signs are brave, adventurous, bossy, and very head strong, but also very loving.

**Virgo Aug 23 - Sep 22:** Virgos have enthusiastic minds and have charm when chatting with other people. They are very good at reading people and have outstanding memories. But, the Virgo’s also can get short tempered when things don’t go their way.

**Libra Sep 23 - Oct 22:** Libra’s are the most stable of the signs and are often very caring and compassionate. Sometimes Libra’s are considered the underdogs and can be quite shy if you don’t get to know them. They are also excellent debaters and usually win.

**Scorpio Oct 23 - Nov 21:** Being the most misunderstood of the signs, Scorpio’s have bold personalities and can take on anything smoothly. But, they are also very secretive and very observant. They are also very argumentative, but are determined in everything they do.

**Sagittarius Nov 22 - Dec 21:** Sagittarius signs have a wild ability to focus and are often very intense. They are not very patient. When they encounter failure, they can make a very strong comeback. They are very loyal friends are often go to the extremes to please them.

**Capricorn Dec 22 - Jan 19:** Capricorns are highly intelligent and often use this to maintain stability and are very patient. Capricorns often do not deal with criticism easily. They usually never share their feelings with other people.

**Aquarius Jan 20-Feb 18:** This sign is simple and usually accomplishes their goals in subtle and quiet ways. They are highly effective, honest, loyal, and intelligent. Aquarius signs can easily make friends, but are sometimes lazy and sloth-like. But they often try their best to overcome that problem.

**Pisces Feb 19- Mar 20:** Pisces signs hold a vast amount of knowledge, but you would never seem to know it. They usually keep extremely low profiles compared to others. They are honest, trustworthy, and unselfish. But, sometimes they can be overcautious. Pisces signs are beautifully gentle and generous.
