

9-22-11

Those in Attendance:

Conrad Aitken

Suzy Gatherum

Tammy Hulet

Laura Taylor

Items Discussed:

- Committee watched Trust Land Video.
- Looked at school Land Trust.org website.
- Reviewed students test scores for the 2010-11 school year.
- Reviewed current School Trust budget for the 2011-12 school year \$44,300.
- Mr. Aitken made a motion to add 2 more computers for the ESL lab to increase student availability to remedial software. Approximate cost - \$2500. Motion carried.
- A request was made to help fund Mrs. Dodds' honor core autobiography project. Historically the PTSA has helped to fund this project. However, they will not be able to do it this year. A motion was made to give \$1000 dollars to Mrs. Dodds' honor core. The motion carried.
- Mr. Aitken wanted the committee to consider the possibility of funding a new computer lab with School Trust money in the near future (perhaps 2 or 3 years down the road). Currently, the school has 3 labs available to teachers/students, the oldest of which is 9 years. In the past the state has made infusions of technology money to the district that has funded new labs. However, with the current economic climate this does not seem a likely possibility in the near future. A lab would require 38 computers. This topic will be brought up again.
