Dealing With Meltdowns Phase 2: Consequence Strategies

Wednesday, March 21st
Parent University: 6:30-7:30 p.m.

Cedar City- Iron County school
district building second floor.

In the final trilogy of dealing with melt downs we will talk about what to do when all else fails. Become a meltdown detective by learning how to ask the right questions, put into place strong consequences, and capitalize on the motivation of your child. With a little bit of elbow grease and a lot of positive encouragement you will start to see those meltdowns fade away.
